A REPRISE FROM LAST NIGHT'S LITTLE EXCURSION, GENTLEMEN...
THE MAN'S AN ANIMAL. WHY DOES HE DO IT?
WHATEVER HIS REASONS, WE CAN'T HAVE A VIGILANTE DOING FREEBIES FOR THE PEOPLE. OUR JOBS ARE ON THE LINE.
I'VE CALLED IN "SPECIAL OPERATIONS" AGENT JAKE GALLOWS...
JAKE...I WANT YOU TO LOOK AT THIS...WE'VE FILMED THIS "PUNISHER" ON A NUMBER OF OCCASIONS...
THESE "ANGELS" HAD BEEN DROPPING KIDS FROM THE SKY. WE COULDN'T TOUCH THEM--HIGH CRED RATING... BLACK CARDERS...
PUNISHER TURNS UP ON AN H.D. STINGER...BLOWS THEM ALL AWAY.

"A COUPLE OF DAYS LATER, A TECHNO-SHAMAN PUTS A CHAOS PROGRAM INTO THE MIDGARD HOSPITAL COMPUTER...
"FIFTEEN PATIENTS' BLOOD BOILED... INDESCRIBABLE AGONY... ALL DEAD.
"WE CAUGHT UP WITH HIM... TOOK FIFTEEN YEARS OFF HIS LIFE BY GERI-TOXIN INJECTION...
"...END OF CASE."
BUT THAT'S NOT GOOD ENOUGH FOR MR. PUNISHER, IS IT? HE ONLY HAS TO GO IN THERE AND...
WELL, SEE FOR YOURSELF...
"THE SHAMAN'S SYSTEM WARNED HIM TROUBLE WAS COMING AND HE PREPARED WITH A CYBER-PSYCHIC SHIELD...
"...STRONG ENOUGH TO WITHSTAND EVERY CONCEIVABLE WEAPON.
"NOT HOWEVER THE INCONCEIVABLE...

THEN THERE WAS THE DEGEN HOSTEL BURNING...
"WE'VE GOT MOST OF IT ON SCREEN...
"YOU KNOW HOW IT IS WITH DEGENS--TOO DUMB TO ESCAPE...
"DELIBERATE ARSON: A GENE GUARD, ONE OF THESE 'RACIAL PURITY' WEIRDOES, WAS RESPONSIBLE...
"I KNOW IT'S A BIT OUT OF LINE--BUT HE WAS TECHNICALLY WITHIN THE LAW... DEGENS HAVE NO RIGHTS.
"SO HERE'S OUR MAN AGAIN...

"NOW [redacted] THIS... THIS IS LATER... HE'S DRAGGED THE GENE GUARD IN FRONT OF A BLANK-POINT..."
RIGHT... YOU'RE DONATING YOUR ENTIRE ASSETS TO THE "DEGEN HELP FUND".
TO THOSE MISCREATED ANIMALS? NEVER!
HEY! WHAT ARE YOU DOING? THAT'S HIGH OCTANE FUEL!
DANGER HIGHLY FLAMM
WHAT AM I DOING? I'M SETTING YOU ALIGHT WITH THIS FLAME STICK.

I'LL DO IT! I'M TRANSFERRING THE MONEY NOW! SEE...?

THE "HIGH OCTANE FUEL" TURNED OUT TO BE WATER.
WHAT...? THE PUNISHER LET HIM LIVE...?
NOPE. SHOT HIM IN THE HEAD.
SO WHAT DO YOU MAKE OF HIM, JAKE? DOES HE HAVE CORPORATE BACKING? IS THIS A RIVAL FORCE MUSCLING IN?
ORGANIZED CRIME WIPING OUT THE COMPETITION?
PERHAPS IT TURNS HIM [redacted]. MAYBE HE GETS HIS JOLLIES THIS WAY?
MAYBE HE SIMPLY BELIEVES IN JUSTICE.
SAY AGAIN?
PARDON ME, SIR?
SAY WHAT?
FORGET IT.

WHAT'S HIS BEEF?
TAKE IT EASY WITH JAKE. GOTTA REMEMBER WHAT HAPPENED TO HIS FAMILY...

Every so often, pundits and people in the know predict [illegible] end [illegible] hero genre. More often, [illegible] of books depicting the way super heroes would behave in the "real world" threatens to be the "last word" on the subject.

Still, while these wise pundits and great series may have [illegible] informed the styles of [illegible] stories, [illegible] genre shows no slide [illegible] popularity, while such other comic [illegible] staples such as romance, war, Westerns, and espionage have fallen by the wayside. We alone publish enough [illegible] hero titles to satisfy even [illegible] most voracious acolyte. Why [illegible] [illegible] no signs of slowing?

Here's [illegible] [illegible]. [illegible] [illegible] too well [illegible] [illegible] our [illegible] limitations in an [illegible] ingly frustrating world [illegible] [illegible] many injustices. Super [illegible] [illegible] no such limitations. In the thirties, super heroes vented [illegible] outrage at slumlords by tossing them off [illegible] roofs of their decaying buildings. Today, they settle the drug problem in the [illegible] [illegible] against disease and death, [illegible] grapple with [illegible] questions [illegible] would make Stephen Hawking's head spin. In short, super heroes hold out the promise of quick solutions to complex [illegible] baffling problems. With the exception of [illegible] fiction, of which we're [illegible] offshoot, it's [illegible] only [illegible] that promises any solutions [illegible] society's ills. Put classically, super heroes take arms against [illegible] sea of troubles, and, by opposing, end them.

This brings [illegible] 'round to the title we're releasing this month. It's THE PUNISHER 2099.

In it, technology has made the world a colder place. Cool and distant, [illegible] [illegible] police keep [illegible] removed and alienated watch on a city under constant surveillance. It [illegible] warmed only by the hot crossfire [illegible] illegal [illegible]

Down these [illegible] streets rides the high-tech, high-velocity Punisher of the future, Jake Gallows, a man who has inherited the [illegible] diary [illegible] the thirst for justice of [illegible] namesake. [illegible] [illegible] and **Tony Skinner** wrote an origin and adventures that speed by at [illegible] bristling, breakneck pace. **Tom Morgan** and **Jim Palmiotti** have created slick, sleek artwork to match them.

They've created a [illegible] [illegible] for [illegible] nineties. The twenty-nineties, I mean. We're continuing the super hero tradition into the next century ... [illegible] you get to join us!

Ghost [illegible] roasting on an open fire ... Iceman nipping [illegible] your [illegible] ... It's the holiday season, [illegible] time for peace on Earth and good comics for [illegible] [illegible] (and women)!

Since it is the [illegible] of giving, [illegible] thought we'd approach some of our mightiest scribblers and scriveners and see what they would most like to receive this year.

Santa's little helper, **Jim Starlin**, busy launching [illegible] all-new WARLOCK CHRONICLES series in '93, is [illegible] for [illegible] little getaway. [illegible] Jim: "I'd like to take [illegible] trip back to Mexico — Yucatan or Quantana Roo."

THE SILVER SURFER's **Ron Marz**, who's never walked through a winter wonderland — but has slogged through a summer swampland — has [illegible] [illegible] little closer to home: "I'd like a twelve-foot Christmas tree with lots of little white lights and [illegible] [illegible] big enough to put [illegible] in!"

Christmas caroller **Michael Gallagher**, the guiding star of the GUARDIANS OF THE GALAXY, has a very special wish for the holidays. "What I'd like to see for Christmas would be a comic book featuring the heroes who volunteered to help the victims of Hurricane Andrew when it [illegible] here [illegible] south Florida." Michael definitely gets our humanitarian award for most unselfish wish.

Receiver of Coal in His Stocking **Rick Parker**, best-known for his cartooning wizardry here on this page and each month in MARVEL AGE, has an equally thoughtful wish. Said Rick, "I want my book, 'Everything I Really Need To Know I Learned From Television,' [illegible] sell [illegible] million copies!"

Rick's wife, [illegible] writer **Lisa Trusiani**, who believes in Santa Claus but thinks the Easter Bunny is a cruel hoax, [illegible] the perfect holiday gift idea: "I think [illegible] would be [illegible] if my stocking [illegible] filled with BARBIE comics!"

QUASAR penciler **Andy Smith**, who once built a snowman just [illegible] [illegible] could watch it melt, has [illegible] wish that [illegible] from [illegible] genes. Said Andy, "I want my [illegible] Levi's commercial!"

The world's [illegible] elf, **Larry Hama**, [illegible] WOLVERINE and G.I. JOE fame, has [illegible] [illegible] special wish: "World peace." Sure, Larry, but if you get [illegible] and it's the wrong size, where do you [illegible] to exchange it?

George Perez, who is dreaming of an off-white Christmas — maybe something in eggshell — [illegible] currently celebrating the release of his blockbuster two-issue HULK limited series with [illegible] **David**, FUTURE IMPERFECT. "The two things I most need are: time, to [illegible] all my deadlines, and space, to keep [illegible] my reference. Space and time — the two greatest enemies of any freelancer!"

Finally we have assistant editor **Barry Dutter**, who thinks the Grinch didn't steal Christmas — he just borrowed it for a while. Barry [illegible] currently working [illegible] a graphic novel called FURY, about the early years of SHIELD, and wants to up the ante on a previous wish. "I want my book with Rick Parker, 'Everything I Really Need To Know I Learned From Television,' to [illegible] TWO million copies! Remember, it's the perfect stocking stuffer!"

And on that note, we wish you all [illegible] happy holiday season. May your bells ever-jingle, may your [illegible] [illegible] nog, and remember — if you see Aunt May coming, get out from under that mistletoe!

OUT OF MY HEAD

The Sixties were about Politics.
The Seventies were about Self.
The Eighties were about Greed.
The Nineties will be about Crime.

The people that spent the last ten years amassing their fortunes now spend their money on security. They live in fear that someone will take what's theirs away from them.

Are they wrong? Resources are finite. If one sector takes more and more, it stands to reason that another sector will have less and less. Forced to scramble for an ever-diminishing slice of the pie, who will be stopped by cozy aphorisms like "Crime does not pay?"

The tabloids and the TV screen grow more lurid, outdoing each other for shots of bullet holes and body bags. They exploit the very thing they pretend to deplore. Crime does not pay? It pays for live satellite uplinks from the city's poorest neighborhoods. It pays for the reporters' suburban homes. It pays for another burglar alarm system on said homes.

The last administration thought the solution to crime was to build more prisons. Prisons are finishing schools for criminals. This would sound quaint, like something out of *Oliver Twist*, if the prison population weren't already in the millions.

Take what you know about crime. Add a hundred years. Factor in a world where crime pays...or can be paid for on a credit card.

This makes the Punisher a hero for the Nineties. The Twenty-Nineties.

NEXT ISSUE: The new Punisher has some unfinished business with Kron Stone, the man who murdered his family. This does not include finding him an attorney or advising him of his rights under the Miranda decision. It does, however, include "The Mourning After," which, coincidentally, is one of the most powerful tales you'll read all year.

MORE OF MARVEL 2099

SPIDER-MAN 2099 #4: Who is "The Specialist" and what makes him so special? His speed, his aim, his agility and his mission. . .to capture someone very close to Miguel O'Hara! Who? You want everything from a blurb? Sheesh!

DOOM 2099 #2: Moore and Broderick pack more into one issue of this mag than most comics have in a year! The maniacal mercenary called Rook Seven! The powerful potential of Tritonium! A new member of the Zefiro tribe! And, of course, Doom and the usurper Tiger Wylde!

RAVAGE 2099 #3: Can our hero save Tiana and escape from Deathstryk without deadly radiation ravaging (you should pardon the expression) his system? If you think the Punisher's mean, wait'll you see Ravage take a stand against...the "Horror in Hellrock!"
